As "Good Neighbors" of the week, we'd like to nominate the six members of Dolores St. PTA who gave of their time and blood last week to benefit Mrs. E. Lawson of that district, who is ill and in need of transfusions. Those who journeyed to Long Beach to the Red Cross Blood Bank there as donors were Mrs. James R. Minchow, W. H. Elmore, Swanson, A. A. Dowitt, Dorn May, and W. Byer.

The regular meeting of the Keystone Civic Betterment Assn. was held June 8. Mr. W. Caldwell presided in the absence of temporary Chairman E. Clark. At present this organization is studying the advantages and disadvantages of incorporating the Carson area into a city. At the July 13 meeting a lawyer will be present to answer questions and a map of the proposed incorporated area will be available. These meetings are open to all residents of the area and are of interest to all homeowners.

SNAPPER

The "heat" was really on when I got this one but I actually caught the chief "spoiling." Of course I was the one being spooned and when I got home and tasted the soup I wrung out of my clothes, I didn't care for it. Maybe I don't like myself.

Say, if you're scratching around trying to find a gift for Dad this Father's Day, don't you think a camera would make an ideal gift? Come in and see me or the boss and your worries are over!

We may sound prejudiced about suggesting a camera, but did you ever see anyone who would not care to get one as a gift?

See you next week.

Navy Lieutenant Gets Discharge

Navy Lieutenant John P. Schwartz, released from active duty, is returning this week with his wife Florence to their home at 820 Corliss Ave.

A veteran of World War II, Lt. Schwartz was recalled in 1951 and served in Korea and Japan. He will resume his association with his father and brother in the operation of two men's stores in this area.

Murdock to Lead JC Problems Discussion

President Forrest G. Murdock has been selected to lead a group discussion concerning junior college problems at a School Executives' Conference to be held at UCLA on July 7 and 8.

Murdock, president of the California Junior College Association, will talk on the problem of "Recruiting Personnel for Service in Public Education."

REINFORCED SPAN

First reinforced concrete bridge in the United States was a 20-foot span built in this city in 1889.

(U. S. Navy Photo)

CALIBRATION . . . Jarold T. Johnston, son of Mr. and Mrs. James H. Johnston, 1651 W. 216th St., shown calibrating a pressure gauge on board the destroyer tender USS Hamul. Machineist's Mate Fireman Johnston, a graduate of Torrance High School, entered the Navy in February, 1952.

RECORD LOW

In February, 1947, 82 degrees below zero was registered at Snag Airport in the Yukon, the lowest temperature ever recorded in North America.

RAIL PASSENGERS

Approximately 50,000 persons occupy sleeping car accommodations on American railroads every night during an average business year.

Episcopal Rector to Open Sermon Series on Commies

The Rev. Arthur E. Bello, rector of St. Andrew's Episcopal Church, will open a series of sermons on Christianity and Communism at the 11 a.m. services Sunday, he reported yesterday.

According to Rev. Bello, who has made extensive studies in this field, Communism is a religious as well as a political problem and that in our age it is an essential problem for both Christians in a democratic state and Christians as members of the church.

Rev. Bello said the purpose of his series of sermons is to help Christians to understand the basic nature of Communism as a world movement and its method of operation.

Equally, he reports, the purpose is to show what a man believes matters mightily, and he will attempt to show the implications of Christianity in social and political life.

"I feel that Communism is the deadliest of enemies of the Christian Church, and the free societies which are its by-products," he said, "Everyone in the community has an obligation to understand Communism so that he may know how, wisely, to oppose it."
